

Land of Enchantment

July 2023 – Time for Magic

1st Experience – Aang

What was your impression of Aang? How did he look? Do you believe wizards ride unicorns?

Lesson – For you to use magic, you must let go of all judgements about what may look different.

2nd Experience – Magical Part of the Land of Enchantment

How did you feel when Aang told you only wizards, their initiates, and people who can learn and use magic were invited to this part of the Land of Enchantment? Did you feel skeptical that you were chosen as someone who could learn and use magic?

Lesson – Remember you can use magic only when you believe you can.

3rd Experience – Dumbledore

Were you able to sense the power of Dumbledore and his ability to attune you to the first lesson called the Wizard Awakening?

Lesson – You must trust the teacher for them to successfully share energy attunements with you.

4th Experience – Crystal Cross

Did you understand why Dumbledore gave you the Crystal Cross as a key part of the initiation into the world of becoming a wizard?

Lesson – With all gifts comes a sense of responsibility for the proper use of the skill to maintain a very high level of spiritual purpose.
