

Land of Enchantment

September 2023 – Time to Transition

1st Experience – Janus

Were you aware that there is a god of transitions? Did Janus's appearance shock you?

Lesson – Whenever you find yourself on a new journey going into uncharted territory, it's a good idea to prepare yourself with knowledge, trust, and inner faith that you will be watched over and guided to keep you safe.

2nd Experience – Willing to Release

Were you able to search your inner knowingness of what you were willing to release? What do you want to release? Did the key open the door?

Lesson – If the key opens the door, you will be able to release what you chose.

3rd Experience – Future Desire

Were you able to search your dreams and choose what you passionately want to bring into your future? What did you choose for your future desire to bring into your life? Did the key open the door?

Lesson – If the key opens the door, you will soon bring your future dream into your life.

4th Experience – Barge Docked in the Water

What do you believe the crowd of people you saw when you landed were carrying in their arms to put on the barge docked in the water?

*Hint – things they no longer wanted to keep in their life.

Lesson – When you release something, you need to remove it from your life.
